To Whom It May Concern

This is to certify that 'Society for Schedule and Backwards', Jammu (J&K) is working in our Block upto my entire satisfaction with zest and zeal.

The Massage "Save the Girl Child" is being spread by this implementing agency through Posters, Banners, Hoardings, Paintings, Rallies on depicting issues related to 'Girl Child' in the schools etc. on regular basis to educate the prospective parents.

The organization is also taking the services of religious preachers / leaders to review the implementation of PC&PNDT act. I wish the organization every success in life.
